

New VeloPlug from Simply Lateral

new color, new design
VELOPLUGS
 MULTIPLE DIAMETER FIT

<http://www.VeloPlug.com.au>

"Now available for 8.0-9.0mm drillings."

More to come !!!

Sticky single-use rim tape is gone forever!
 Dimples, failures and blowouts are history!

VeloPlugs affectionately called **Rim Plugs**

- Are a light, re-useable alternative
- Spoke replacement is a snap

Tape = 16 grams

OR

8.0mm

8.5 and 9.0mm

32 Rim Plugs = 6 grams

Make your choice - choose Rim Plugs!

Almost one third the weight of rim tape.

Rim Plugs

- Reduce inertia and revolving mass.

Rim Plugs

- Maximise the benefits of light tyres.

Rim Plugs

- Withstand pressure of 400 psi
 (Rims and tyres fail well below that figure).

Rim Plugs

- Contoured to fit all rim trough arcs.

Rim Plugs

- Vastly reduce the effort normally involved in the removal and fitting of tyres.

**SPOKE CHANGING
 COULDN'T BE EASIER!**

- Just eject the Rim Plug
- Replace the spoke
- Pop back the same Rim Plug
- The snap-in feature doubles as a detent anchoring the Rim Plug.

**A WORLD FIRST
 Is now better !!!**

The VeloPlug fits most double-wall
 Rim brands with 8.0mm and now 8.5-9.0mm
 nominal spoke access holes

AND

VeloPlugs are sold in retail packs of
 72 or bulk packs of 1000.

- <http://www.velocitywheels.com>

Individualized logos can be provided, depending
 upon the volume required.
